SOCAP24
October 28-30
Our History

A Rich History of Market Leadership

SOCAP is the premier, most influential, largest, and most diverse thought leadership and networking platform in impact investing. We are authentically committed to and actively engaged in building a more just and sustainable economy.

SOCAP Global convenes a global ecosystem and marketplace—social entrepreneurs, investors, foundation and nonprofit leaders, government and policy leaders, creators, corporations, academics, and beyond — through live and digital content experiences that educate, spur collaboration, and inspire investment in positive impact. SOCAP unlocks the power of markets to accelerate impact and has convened more than 100,000 people since our first event in 2008.
